

AM/FM 2 Band Radio TR107 User Manual

FUNCTION PARTS

1. Volume control
2. AM/FM Dial scale
3. Dial pointer
4. Tuning knob
5. Band switch
6. Power on/off & BBS on
7. Earphone jack
8. Battery compartment

RECEPTION OPERATION

1. Move the power switch (6) between on and off to control.

Power switch put to OFF Power switch put to ON

2. Plug in earphone into earphone jack (7).

3. Move band switch (5) to the band you want to listen: AM/FM or FM Stereo, after band selected, turn the tuning knob (4) and watch the dial pointer (3) on dial scale (2) to search your desired station program.

Power switch put to ON

4. Use volume control (1) to regulate the large or small volume of the sound, what's more, on the basis of personal interest, you can also move the power switch (6) to BBS on for the bass boost sound effect when listen to radio.

MAINTENANCE AND CHERISH THE RADIO

For keeping good performance

1. Avoid fierce lash, falling into the ground.
2. Do not put the radio in the place where is under sunshine, hot or humid.
3. If the sound is distorted or the volume is faint, please change the battery in time.
4. In order to prevent the leakage of the electrolysis liquid or danger of explosion, do not charge, heat or resolve the batteries.
5. If you do not use the radio for a long time, please take out the battery, lest the leakage of the battery corrodes the parts in the radio.
6. Each index of the radio is adjusted well, so please do not adjust the components in the radio.

Cleaning the cabinet

Use a soft cloth with detergent to clean the cabinet. Please do not use alcohol, thinner and other strong

detergent to clean it.

POWER SUPPLY

The radio uses 2 pcs (AAA)battery, Please put the battery in battery compartment (8) according to the polarity.

ANTENNA OPERATION

1. When receiving FM or FM stereo, External earphone wires is used as FM antenna. So please don't roll your ear phone wires in case of reception is not good. When FM signal is weak, please move the band switch (5) to FM band to reduce noise, and if FM signal is strong, please turn to FM.Stereo for best reception.
2. When receiving AM, it's using the internal magnetic antenna. You can get the optimum reception by rotating the direction of the radio.

TECHNICAL INDEX

Power:	DC 3V
Battery:	AAA x pcs
Frequency range:	AM: 520-1710 kHz FM: 87-108MHz
Noise limit sensitivity:	FM 10uV AM 1mv/m
Max output power:	5 MW
Earphone:	D 3.5 mm
Unit size:	40.5x(L)x 17 (W) X 81.5 (H) mm
Unit weight:	30 g (without battery)

RF ENERGY EXPOSURE AND PRODUCT SAFETY GUIDE

Before using this radio, read this guide which contains important operating instructions for safe usage and RF energy awareness and control for compliance with applicable standards and regulations.

Local Government Regulations

When radios are used as a consequence of employment, the Local Government Regulations requires users to be fully aware of and able to control their exposure to meet occupational requirements. Exposure awareness can be facilitated by the use of a product label directing users to specific user awareness information. Your Reteless radio has a RF Exposure Product Label. Also, your Reteless user manual, or separate safety booklet includes information and operating instructions required to control your RF exposure and to satisfy compliance requirements.

Unauthorized modification and adjustment

Changes or modifications not expressly approved by the party responsible for compliance may void the user's authority granted by the local government radio management departments to operate this radio and should not be made. To comply with the corresponding requirements, transmitter adjustments

should be made only by or under the supervision of a person certified as technically qualified to perform transmitter maintenance and repairs in the private land mobile and fixed services as certified by an organization representative of the user of those services. Replacement of any transmitter component (crystal, semiconductor, etc.) not authorized by the local government radio management departments equipment authorization for this radio could violate the rules.

FCC Requirements:

- This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
- This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However,

there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

CE Requirements:

•(Simple EU declaration of conformity) Henan Eshow Electronic Commerce Co.,Ltd declares that the radio equipment type is in compliance with the essential requirements and other relevant provisions of RED Directive 2014/53/EU and the ROHS Directive 2011/65/EU and the WEEE Directive 2012/19/EU; the full text of the EU declaration of conformity is available at the following internet address: www.retekess.com.

Disposal

The crossed-out wheeled-bin symbol on your product, literature, or packaging reminds you that in

the European Union, all electrical and electronic products, batteries, and accumulators (rechargeable batteries) must be taken to designated collection locations at the end of their working life. Do not dispose of these products as unsorted municipal waste. Dispose of them according to the laws in your area.

IC Requirements:

Licence-exempt radio apparatus
This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:
(1) This device may not cause interference.
(2) This device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :
(1) l'appareil ne doit pas produire de brouillage;
(2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

RF Warning Statements

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

RF Exposure Information

- DO NOT operate the radio without a proper antenna attached, as this may damage the radio and may also cause you to exceed RF exposure limits. A proper antenna is the antenna supplied with this radio by the manufacturer or an antenna specifically authorized by the manufacturer for use with this radio, and the antenna gain shall not exceed the specified gain by the manufacturer declared.
- To avoid interference, turn off the radio in areas where signs are posted to do so.
- DO NOT operate the transmitter in areas that are sensitive to electromagnetic radiation such as hospitals, aircraft, and blasting sites.

Avoid Choking Hazard

Small Parts. Not for children under 3 years.

Protect your hearing:

- Use the lowest volume necessary to do your job.
- Turn up the volume only if you are in noisy surroundings.

- Turn down the volume before adding headset or earpiece.
- Limit the amount of time you use headsets or earpieces at high volume.
- When using the radio without a headset or earpiece, do not place the radio's speaker directly against your ear
- Use careful with the earphone maybe possible excessive sound pressure from earphones and headphones can cause hearing loss

Note: Exposure to loud noises from any source for extended periods of time may temporarily or permanently affect your hearing. The louder the radio's volume, the less time is required before your hearing could be affected. Hearing damage from loud noise is sometimes undetectable at first and can have a cumulative effect.

Approved Accessories

- This radio meets the RF exposure guidelines when used with the Reteless accessories supplied or designated for the product. Use of other accessories may not ensure compliance with the RF exposure guidelines and may violate regulations.
